

DIGITAL POS/POP

LOW-COST ADVERTISING THAT WORKS!

Need a low-cost digital signage option to advertise your specials? Our easy-to-program LCD monitors are the perfect option! Using custom graphics and videos, boost your sales and give your customers the information they need while they shop.

These digital screens can be mounted anywhere – on a pole, on the side or front of a gondola, on a floor display, at the cash register, on a counter – place them where you need to promote sales, announce new items, or highlight seasonal products!

FEATURES

- 4" LCD screen (7" screen size also available)
- Unit size: 5.77" W x 4.67" H
- PVC or cardboard housing – can be blended seamlessly into temporary promotion displays and promotional signage
- Easy to operate
- Supports both images (JPEG/BMP/GIF/PNG) and video (MP4/RMVB/AVI)
- Load content to internal memory from USB
- Auto loop videos from internal memory after powering on

OPTIONAL ADD-ONS:

- Push button for play
- Motion sensor
- External or built-in battery power
